

Lloyd Tex — Jean-Marie Massaud — 2022

Ispirato dal mondo degli altoparlanti hi-fi, la libreria autoportante Lloyd Tex, design Jean-Marie Massaud, gioca sulla trasparenza e la leggerezza dei pannelli in Techno-fabric, un tessuto tecnico semi-trasparente nei colori Light e Dark. I pannelli scorrono sugli invisibili binari orizzontali, creando delle sequenze sempre diverse.

CARATTERISTICHE TECNICHE

Ripiani. Realizzati in stratificato HPL impiallacciato in rovere naturale finitura piombo opaco (57).

Montanti verticali. Realizzati in fibra di legno a media densità impiallacciato in rovere naturale finitura piombo opaco (57).

Fianchi. Sono chiusi da pannelli fissi realizzati con un telaio in multistrato di betulla rivestito in tessuto tecnico. Il tessuto è disponibile in due varianti colore:
- Techno-fabric Light
- Techno-fabric Dark

Pannelli scorrevoli. Si muovono lungo binari intagliati nei ripiani e sono dotate di “pattini” in materiale plastico che diminuiscono l’attrito. Sono realizzati con un telaio in multistrato di betulla rivestito in tessuto tecnico. Il tessuto è disponibile in due varianti colore:
- Techno-fabric Light
- Techno-fabric Dark

Varianti disponibili.

- “Freestanding”: presenta pannelli scorrevoli su entrambi i lati (frontale e posteriore).
- “Wall”: presenta pannelli scorrevoli solo sul lato frontale mentre il lato posteriore, a contatto con il muro, è chiuso con pannelli realizzati con un telaio in multistrato di betulla rivestito in tessuto tecnico. Il tessuto è in abbinamento a quello scelto per i fianchi e per i pannelli scorrevoli.

Dettagli tecnici. Viteria in acciaio con ghiera terminali a vista nichelate cromo opaco.

Portata massima. Non oltre i 15 Kg per ogni singolo vano.

MODELLI LOW CABINET E BOOKCASE

Piedi. Realizzati in acciaio. Quelli esterni e in primo piano sono verniciati canna di fucile opaco mentre quelli centrali, più arretrati, sono laccati nero opaco.

MODELLI HIGH CABINET

Base a cavalletto. In massello di rovere finitura piombo opaco (57).

ACCESSORI E OPTIONAL

Ripiano opzionale. Autoportante e facilmente spostabile, è realizzato in alluminio e rivestito in cuoio Saddle Extra con bordi tagliati a vivo e rifiniti con tinta abbinata e cera protettiva.

Inspired by the world of hi-fi loudspeakers, the Lloyd Tex self-supporting bookcase, designed by Jean-Marie Massaud, plays with the transparency and lightness of the Techno-fabric panels, a semi-transparent technical fabric in Light and Dark colours. The panels slide on invisible horizontal tracks, creating ever-changing sequences.

TECHNICAL FEATURES

Shelves. Made of high-pressure laminate in a natural oak veneer with a lead matte finish (57).

Vertical uprights. Made of MDF natural oak veneer with matt lead finish (57).

Sides. The sides are closed by fixed panels made with a birch plywood frame that are covered in technical fabric. The fabric is available in two colours:
- Techno-fabric Light
- Techno-fabric Dark

Movable panels. These slide along tracks carved into the shelves and feature plastic “skates” that reduce friction between the surfaces. They are made with a birch plywood frame covered in technical fabric. The fabric is available in two colour variants:
- Techno-fabric Light
- Techno-fabric Dark

Available versions.

- “Freestanding”: features movable panels on both the front and rear sides.
- “Wall”: features movable panels only on the front, while the rear, which is in contact with the wall, is closed with panels made with a birch plywood frame covered in technical fabric. The fabric matches the one chosen for the sides and sliding panels.

Technical details. Steel screws with matt chrome nickel-plated terminal rings.

Maximum load. The weight must not exceed 15kg for each compartment.

LOW CABINETS AND BOOKCASES

Feet. Made of steel, the external front feet feature a gunmetal grey matt finish, while the central ones, placed behind, are matt black lacquered.

HIGH CABINETS

Trestle-shaped base. Solid oak wood with a lead matte finish (57).

OPTIONAL ACCESSORIES

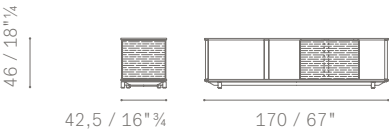

Optional shelf. Freestanding and easily movable, it is made of aluminium and covered with Saddle Extra saddle-leather. The clean-cut edges are dyed and finished with protective wax.

Per ogni modello della famiglia Lloyd è indicato un numero ideale di pannelli da inserire. E' tuttavia possibile scegliere una diversa configurazione secondo le esigenze del cliente.

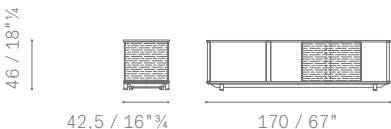

An ideal number of panels to be inserted is indicated for each model of the Lloyd family. However, it is possible to choose a different configuration according to the customer's needs.

VERSIONI, PORTATA E CAPIENZA / VERSIONS, MAXIMUM LOAD AND CAPACITY

Technical drawing of the KUBO storage unit, showing two configurations: WALL and FREESTANDING.

WALL Configuration:

- Top shelf width: 42,5 / 16"¾
- Second shelf width: 34 / 13"½
- Height from floor to top shelf: 36,5 / 14"½
- Height from floor to second shelf: 20,3 / 7"¾

FREESTANDING Configuration:

- Top shelf width: 51,8 / 20"¼
- Second shelf width: 50,8 / 20"
- Third shelf width: 50,8 / 20"
- Fourth shelf width: 51,8 / 20"¼
- Height from floor to top shelf: 36,5 / 14"½
- Height from floor to second shelf: 20,3 / 7"¾
- Height from floor to third shelf: 20,3 / 7"¾
- Height from floor to fourth shelf: 20,3 / 7"¾

Load Capacity: Max. 15 kg per shelf.

Technical drawing of the KUBA shelving unit, showing dimensions and load capacity.

Dimensions:

- Top shelf depth: 42,5 / 16"¾
- Second shelf depth: 34 / 13"½
- Third shelf depth: 42,5 / 16"¾
- Bottom shelf depth: 30,5 / 12"
- Overall height: 20.5 / 8"
- Overall width: 36.5 / 14"½

Load Capacity:

- Top shelf: 51,8 / 20"¼
- Second shelf: 50,8 / 20"
- Third shelf: 50,8 / 20"
- Bottom shelf: 51,8 / 20"¼
- Each shelf: Max. 15 kg

Configuration:

- WALL:** The unit is mounted against a wall.
- FREESTANDING:** The unit stands on its own legs.

The technical drawing illustrates the KUBA 1800 shelving system in two configurations: wall-mounted and freestanding. The wall-mounted version on the left shows a unit with a depth of 42.5 / 16" and a width of 34 / 13 1/2". The freestanding version in the middle shows a unit with a depth of 42.5 / 16" and a width of 30.5 / 12". Both versions feature a height of 20.5" (8") and a depth of 36.5" (14 1/2"). The freestanding version is shown with a base and a back panel. The right side of the drawing shows a 4x4 grid of shelves, each with a maximum weight capacity of 15 kg.

Configuration	Depth (mm / inches)	Width (mm / inches)	Height (mm / inches)	Depth (mm / inches)
Wall-mounted	42,5 / 16"	34 / 13 1/2"	20,5 / 8"	36,5 / 14 1/2"
Freestanding	42,5 / 16"	30,5 / 12"	20,5 / 8"	36,5 / 14 1/2"
